

# Minox Macroscope

## Powerful Mini-Telescope

Highly innovative and showing all the classic technical capabilities of the MINOX company is the best way to describe the MINOX Macroscope.

This unique compact miniature telescope, measuring just 9.2 x 5.7 x 4.4 cm that fits neatly into the palm of the hand, gives the user not only high optical performance but an extremely close-focus distance of only 35 cm. In combination with the 8x magnification, the MINOX MS 8x25 Macroscope allows a close-up detailed study of all kinds of subjects and objects.

Enter the world of macro with a highly portable and compact mini-telescope!

Includes stay-on-case and strap.
